Dr. Fabian opened the floor for comments to the revisions of Section 1387. Dr. Rodolfa indicated that Mr. O'Connor did an exceptional job with the revisions to the regulations. Mr. O'Connor stated the main change is with structure organization. Two biggest issues are the 3-year post-licensure experience for supervisors and the 50% on-site requirement. The 50% on-site requirement has been revised to state that supervisors must be available 100% of the time. The board addressed the 3-year post-licensure experience by stating the primary supervisor shall ensure that the supervisee has the education and training in the areas of psychological practice to be supervised.

The Board heard comments from Charles Faltz, PhD, California Psychological Association, Allison Parelman, PhD, Supervising Psychologist at a Community Health Center, and Katherine DiFrancesca, PhD.
